

EASY *Ventil*

*Autonomous
ventilation*

Aesthetically pleasing. Clean. Quick and simple Installation ,

EASY VENTIL

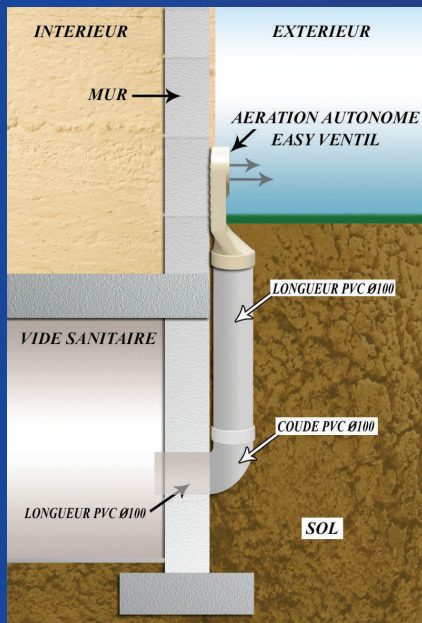

Autonomous ventilation of crawl space and all underground rooms.

Easyventil adapts to new and renovated buildings alike.

Adapts to all types of construction:

villas, apartment buildings, cellars, fireplaces and all underground rooms

It takes up little room, so you gain space.

Can be mechanized .with a timer.

WITH **EASY** VENTIL

All those techniques involving often unsightly, bulky and non-watertight solutions are a thing of the past .

Sometimes nontight,

cumbersome,

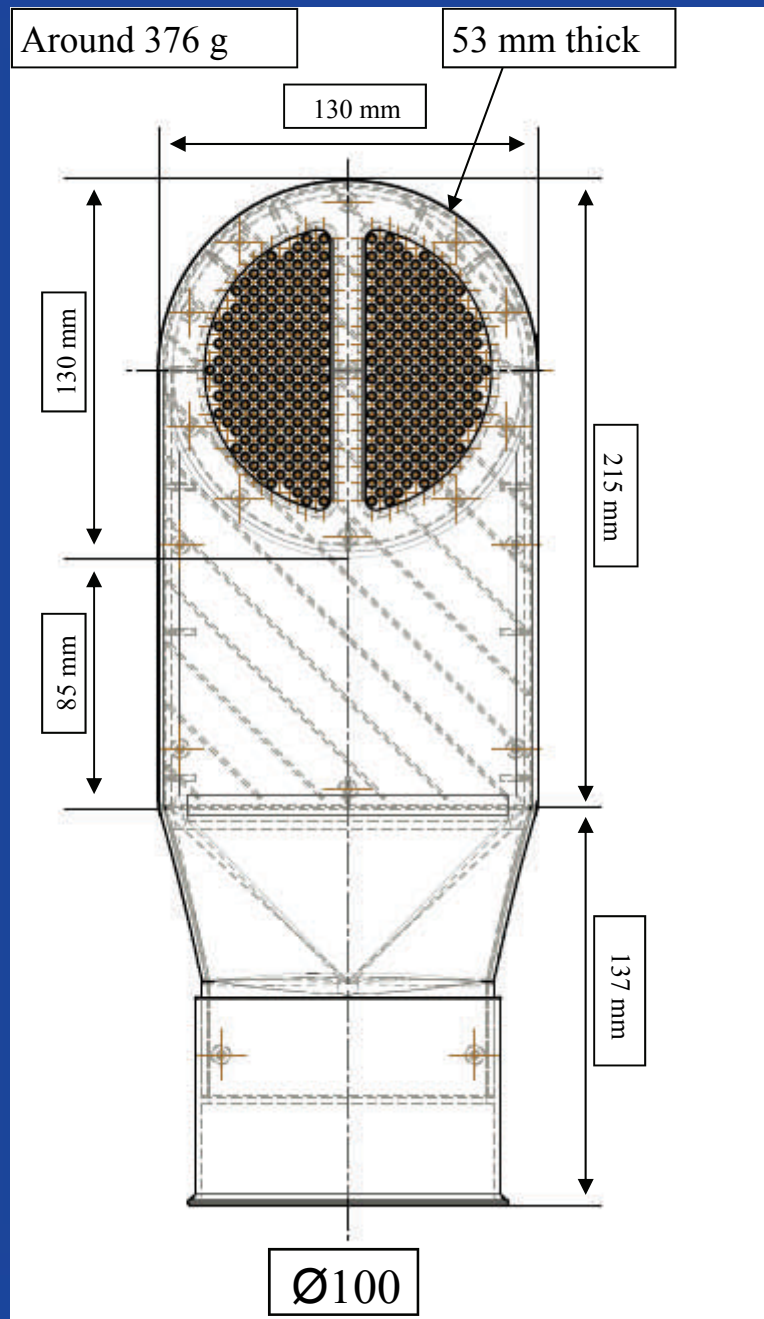

Awkward,

Likewise all those installations that took so long!
